

Fishing by 9:00am on workday?
You can do it too.

UManage™ Business Management Software

* Screen shown is from development stage.
Quality of user interface will dramatically improve in the final product.

The only software you need to run a successful office. This application will enable you to manage payroll, schedule multiple inspections for multiple inspectors, keep track of how much business each realtor, inspector, and scheduler is bringing in. Four levels of users, no room for errors.

- UNLIMITED number of inspectors
- UNLIMITED number of schedulers
- UNLIMITED number of customers
- UNLIMITED number of realtors/agents stored and reviewed with the click of a button
- UNLIMITED contact database
- Easy to find everything
- Easy to read charts of company's day-to-day ops
